ENAUN 463/2017

New York, 30 March 2017

Excellencies,

I am writing to you in my capacity as Chair-designate of the Open-ended Working Group on Ageing, and wish to thank all delegations for their active participation during the VII Session of the Working Group, held in New York from 12 to 15 December 2016.

In that session, delegations agreed on the need to focus the debate on areas where further attention to the protection of the human rights of older persons is needed, as well as on elements that need to be better addressed by the international community in order to allow older persons to fully enjoy their human rights. In that regard, and in accordance to what was agreed in the discussions on the way forward during the last session, the VIII session of the Working Group will focus on two of the cluster issues included in the report of the VII session, namely "Equality and Non-discrimination" as well as "Neglect, violence and abuse".

In order to inform you of the next stage of our work, I have the pleasure to enclose herewith two documents including "guiding questions" on each of the selected cluster issues, based on discussions during the seventh session. These guiding questions would be a useful tool to aid the Working Group in continuing its substantive discussion and to focus the deliberations of the next session.

In that regard, I encourage the Members of the Open-ended Working Group to submit their responses - in English only and of no more than 2 pages in length (or no more than 800 words) per cluster issue - to the United Nations focal point on Ageing, Ms. Rosemary Lane (ageing@un.org) by 5 May 2017. As agreed by the Bureau of the Working Group, the Secretariat will prepare a compilation working document containing the inputs submitted by Member States, accredited non-governmental organizations, and "A status" national human rights institutions, in order to feed into the substantive discussions of the VIII Session of the Working Group, which will be held from 5 to 7 July 2017 at the United Nations Headquarters in New York in - Conference Room 4.
