Questionnaire/Survey Information

Your organization's FULL NAME *	American Federation for Aging Research
Purpose of your organization: *	
The American Federation for Aging Research (AFAR) is a non-profit organization whose mission is to support and advance healthy aging through biomedical research.	
What are the programmes and activities of your organization? They must be relevant to the Open-ended Working Group and the country or countries in which they are carried out. *	
AFAR focuses its activities on these major initiatives: 1) Identifying and funding a broad range of cutting-edge research most likely to increase knowledge about healthy aging. 2) Attracting more physicians to specialize in geriatric medicine to meet the demands of an aging population with expert health care. 3) Creating opportunities for scientists and clinicians to share knowledge and exchange ideas to drive innovation in aging research. 4) Providing information to the public on new medical findings that can help people live longer lives, and be less susceptible to disease and disability.	
Please explain briefly whether your activities are at the national, regional or international level, or a combination thereof. *	
AFAR's activities are primarily national in scope, although a small number of international awards have been made in recent years.	
Please attach a scanned copy of an annual report of your organization including financial statements, and a list of financial sources and contributions, including governmental contributions. (PDF or Word only please.)	annual.afar.pdf
